Title: Number Talk: 7th Grade Math: What are the Savings?

Link: <http://www.insidemathematics.org/classroom-videos/number-talks/7th-grade-math-whats-the-savings/number-talk>

Grade: 7

Learning Goals and Success Criteria

The learning goal and success criteria are not communicated to students during the course of the lesson.

What do you notice about the Learning Goals and Success Criteria? What commendations and/or suggestions would you offer for this teacher?

Eliciting and Interpreting Evidence

The teacher/coach collects evidence of student learning at multiple points in the lesson. Evidence is collected mainly through listening to discussions and whole group sharing.

What do you notice about the teacher Eliciting and Interpreting Evidence? What commendations and/or suggestions would you offer for this teacher?

Taking Pedagogical Action

The teacher/coach adapts her actions based on evidence of most students' learning, such as by asking questions and providing feedback to further student thinking in response to what she's heard in discussions. She also selects certain students to share their strategies based on what she heard during the discussions.

What do you notice about the teacher Taking Pedagogical Action? What commendations and/or suggestions would you offer for this teacher?

Student Self and Peer Assessment

The students participate in some self-monitoring, such as when they are asked to think through solving a problem and then indicate when they are confident in their understanding (or ready to get support from another) by raising their thumbs to their chests. Students provide feedback to one another once they've indicated they are ready for it.

What do you notice about the Student Self and Peer Assessment? What commendations and/or suggestions would you offer for this teacher?
